Comment Or Question Message: I contacted the president of the non profit, as a boar member, twice via email asking for:

1. date current board members originally elected
2. terms of each board member, and when they are up for re-election
3. election procedure clarification
4. originally signed bylaws of the corporation

The president has refused to furnish information, even though he is fully aware the current secretary does not keep the election information, the president does, as it has been his policy for the last few years. No one else in the organization seems to keep track of election status/results.

My first request from the president via email was two weeks ago, the second was sent last week.

While the president enjoys following parliamentary procedures and is most likely expecting a written notice or phone call, I do not feel it is necessary to take it to that level to get simple elected officers information.

The president is Jonathan Ganz.
